Message from our Pastor

Providence Christian Church changes lives in small and large ways. As Judi Roberts left worship Sunday, she asked, "Is the worship service created each Sunday with me in mind because it is always just what I need." Judi has been changed by our worship.

The youth who traveled to Guatemala will never be the same. Presli Neal said it was a really hard trip. She was very homesick and the new sights, smells and tastes were a lot to handle. But Presli's loved the time when the youth got to just play with the kids. They painted the girls' nails, gave out tennis balls and laughed and played. Presli commented on how joyful the children were even though when compared with kids in the United States they had very little. Presli and the other youth were changed.

Michelle Thornton was putting together the last bags for the backpack food program at the end of the last school year. The boy scouts had donated about \$500 worth of food for the program but there was very little left. She had a pen and paper to make a grocery list because she could tell immediately that there was not enough food to fill all the bags. She wrote down "2 wrote down several other food items only to then find each of those items in a bag or behind something else on the shelf. In the end she had the exact number of every single item for all the bags.

When Michelle was given a colorful picture made out of all the thumbprints of the children who receive food from our program, she was touched. Michelle has been changed. Providence Christian Church changes us through worship, education, mission trips, service opportunities and more.

And I have been changed, and I am humbled and honored to be your pastor!

Carol

Congratulations Stephanie!

Hello Carol and PCC, I just wanted to say thank you for all the love and support this past year! I feel like I have found a new home 8 hours away at PCC.

On August 4th and 5th I begin my long move to Louisville. I ask for prayers these next few short weeks. Please pray for my travels and transition to the next chapter in life. I am excited and terrified. I guess that means it’s the right things to do!

*God Bless,
Steph*
